

# Calendar Of 2019 EMEA Sovereign, Regional, And Local Government Rating Publication Dates: Midyear Update

July 2, 2019

## European Credit Rating Agency Regulation: Calendar For Jan. 1, To Dec. 31, 2019

This calendar sets out potential publication dates for sovereign, regional, and local government ratings and related outlooks in accordance with European regulatory requirements. S&P Global Ratings has nominated two or three publication dates in 2019 for each sovereign and regional and local government it currently rates, on a solicited or unsolicited basis, from its offices in Dubai, Dublin, Frankfurt, Johannesburg, London, Madrid, Milan, Moscow, Paris, and Stockholm.

As required by regulation, all publication dates are on Fridays. Regulations allow credit rating agencies to deviate from their announced calendar where necessary to comply with their other legal obligations, for example, to disclose credit ratings based on all available and relevant information in a timely manner, but states that deviations should not happen "routinely." Credit rating agencies, including S&P Global Ratings, are required to provide a detailed rationale for any deviation.

Applicable regulations define a "sovereign rating" as a credit rating where:

- The entity rated is a state or a regional or local authority of a state.
- The issuer of the debt or financial obligation, debt security or other financial instrument is a state or a regional or local authority of a state, or a special purpose vehicle of a state or of a regional or local authority.
- The issuer is an international financial institution established by two or more states, which has the purpose of mobilizing funding and providing financial assistance for the benefit of the members of that international financial institution, which are experiencing or threatened by severe financing problems.

For convenience, publication dates are listed separately for sovereigns and for regional and local governments. Each listing is available in two versions, with entities sorted by first publication date and alphabetically (see tables 1-4). In our update, any new ratings, withdrawals, suspensions, and deviations during the preceding six months are also provided (see tables 5 and 6). To search a list for a specific country or government, press CTRL + F on your keyboard and type in the name of entity.
